NEC4
NEC4 ECC Project Manager Accreditation

This course aims to develop students' technical skills which required for a project manager to manage the NEC. It also ensures that students are familiar with the interdependencies of the various documents required by the ECC, good level of understanding of the NEC principles and processes and of the NEC4 ECC itself.

Upon successful completion of the course, participants are expected to be able to:
1.　　Attendees should be confident in fulfilling the role of the Project Manager under the ECC
2.　　How to engage the team and help build a 'spirit of mutual trust and co-operation'
3.　　Understand what needs to be implemented at the commencement, during and at the end of a successful project
4.　　Deal with typical problems that may occur
5.　　Be an effective ECC Project Manager
